CORNER

I am excited about September for the days are sunny and birds are singing. Yippie we can finally go the beach and have some fun or so I hope...

Henties Bay is at its coldest in September but that shouldn't keep us from joining the rest of Namibia in the joys of walking out of the long cold winter. Listening to birds singing an agreeable melodious song and wearing colorful clothing's creates my summer in the cold Henties Bay.

Let's not be weary in this cold and closed but create colorful joys of atmosphere home and at work places. Thou our hearts might be heavy of the unforeseen yet God give us a garment of praise for a Spirit of heaviness. Wear that colorful mask and keep on praying. Let's create hope in this little town with color.

Here is you summer edition, enjoy your read.
